

Sock It To Us!

The Cambria County Foster Grandparent Program (FGP)

is challenging you to:

"Sock It To Us"

The MLK Day of Service empowers individuals, strengthens communities, bridges barriers, creates solutions to special problems and moves us closer to Dr. King's vision of a "Beloved Community." In honor of this National Day of Service, the FGP is asking everyone to donate at least one new pair of socks before March 31, 2017 in area donation centers.

People often donate new and used clothes but socks usually are something people wear until they are worn out. With the cold weather in our area, local children and homeless adults are in great need of new socks. Once collected, the socks will be donated to various local agencies and distributed to those in need.

Socks of any size, color or style may be dropped off in specially marked boxes or for large quantities call the FGP office and someone will make arrangements to pick them up.

WE ONLY ASK THAT THE SOCKS ARE NEW.
